Bixby Land Company
2010 Fact Sheet

About: Bixby Land Company is a vertically integrated commercial real estate investment and development firm with a broad based portfolio of more than 6 million square feet and a value exceeding \$1 billion in assets under management throughout the Western United States.

The company brings a unique and unmatched expertise in acquisitions and dispositions, value-added repositioning, operations, and financing of commercial projects.

History: Founded in 1896, Bixby Land Company is a pioneer in California's real estate development history. Its first project was to subdivide a portion of Southern California land for farming and ranching. Bixby Land Company was incorporated June 13, 1896 with land that would become Long Beach and several surrounding cities.
